

State of art technology by  
Global team of Experts

## Mineral Processing Screens

Apollo Screens offers Modular Panel in only pollyurethane & in combination of polly & wedge wire. Modular panels are available with various design including Slotted, Square, Hexagonal, Split, Flat, Ramp, Cross Dam & Deflectors.

### Area of Applications

- De-watering
- Stratification
- Separation and Sizing
- Drying Classifying

### Features

- Interchangeability
- Longer Life
- Light Weight
- Easy Installation
- Cost Effective
- Wide range of Aperture

Apollo Screens - A new venture by APOLLO GROUP, a renowned engineering house with strong image in its core business combines its engineering expertise, long term vision and ethical business approach with a global team of experts in design and manufacture of screens for wide range of applications.

Apollo Screen's unit -The plant & critical equipments are designed & manufactured by Apollo Group having team of engineers who have hands on experience & technology base for these specialised machines. The plant is equipped with state of art technology based machines to produce finest quality screens with minimal tolerances to achieve excellent product quality.

## POLYWEDGE PANELS

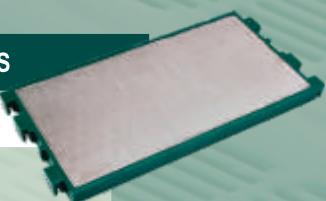

### De-watering, Drying

- Long Life
- Higher Open Area
- Easy to handle and install
- Light weight and small size
- No Sound Pollution
- Low replacement cost due to small modular panels

#### Size:

305 mm x 615 mm  
610 mm X 610 mm

**Aperture Size:**  
0.5 and above

## FLIP FLOW PANELS

### Suitable for relative high moisture & fine separation

- Prevent Clogging
- Well performs
- Better Screening Efficiency

#### Size:

332 mm width X 2716 mm length

**Aperture Size:**  
Width: above 2 mm  
Length: above 10 mm

## MODULAR PIN & SLEEVE TYPE PANEL

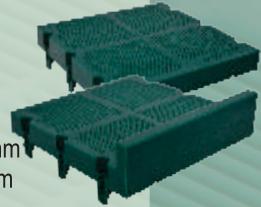

### Secondary / Tertiary screening

- Percentage Open Area is higher than conventional Panels
- Easy to install and Easy to handle, because of smaller size and light weight
- Modular Panel gripping power is more than the conventional screen decks
- No Corrosion and Rusting
- Low replacement cost due to small modular panels

#### Size:

305 mm x 305 mm  
305 mm X 615 mm

**Aperture Size:**  
Width: above 0.2 mm  
Length: above 6 mm

### Also available

- CONSLOT PANELS
- ANTI CLOGGING PANELS

### Accessories

- DEFLECTOR
- DAM
- RAIL
- NBSC
- WEDGES
